SATURDAY, SEPTEMBER 7, 1901.

ABOUT TOWN.

Don't forget the Rio Grande excursion to the Point tomorrow.

And still another nice shower today. It seems to be growing into a habit.

The Sacred Heart of Jesus Society will hold its fifth meeting at the Catholic church tonight at 8 o'clock.

HUMORS, boils, pimples and all eruptions are due to impure blood, and by purifying the blood with Hood's Sarsaparilla they are **CURED**.

Invitations have been issued by members of the garrison to a dance at the post hospital this evening. Dancing will begin at 8:30.

Regular services at the Baptist Mission Hall on Levee street, tomorrow at 11 a. m., and at 7:30 p. m. Everybody welcomed.

R. HALE, Missionary.

Parties lately returning from Point Isabel say the fishing there is unusually fine, trout being especially plentiful. Flounders are also abundant, and shrimp and crabs are to be had in abundance for a little trouble.

Posters advertising the attractions for excursionists to Point Isabel this evening and tomorrow have been distributed. The program includes regattas on the bay tomorrow, a ball game between Brownsville and Point Isabel champions, with music by the Anzalda band in the afternoon from 4 to 6, and a *gran baile* at night, with fireworks and illuminated globe ascensions, etc.

The Alice Echo of Thursday says: "Mr. Benj. Kowalski, accompanied by his sons, Bernard and Gustave, came in from Brownsville on the stage Monday evening. They left Tuesday over the Aransas for San Antonio and points east. Mr. Kowalski is one of the most prominent citizens of Brownsville. He is a United States commissioner; chairman board of health; member of city council; Counsel Commander of W. O. W., and Master of the Masonic Lodge, and far and away above all, a pleasant, genial gentleman."

A petition to the Postmaster General is being circulated by Postmaster Sharpe, for the establishment of a daily mail between Rio Grande City and Brownsville. Numerous signatures have been attached to the petition, as all seem to agree that a daily mail should be established on the said route. It would give Hidalgo a daily service, which is doubtless fully justified by the business of that post-office, to say nothing of the numerous smaller postoffices along the route, and THE HERALD hopes the petition may be promptly granted.

Pedro Ortiz and Ramon Santillana, theft of cattle;

Three other bills also for cattle, in which no arrests have yet theft been made.

The grand jury and court adjourned this morning until Monday. The criminal docket is set for Monday.

Wounded Man Dies.

Abe Wright, colored, died at his home in this city this morning at nine o'clock, of blood poisoning which resulted from the wounds which he received Friday evening last, in an encounter with an officers. This unfortunate outcome of the affair is most sincerely deplored by the friends of both parties.

Deceased was aged about 48 or 50 years. He came here about twenty-five years ago from Banquete, Texas, with some stock, having been brought up at that place by a man named Wright. He had been employed, ever since his first coming here in handling horses, being employed by various families as a coachman. He had been for several years in the employ of Don Simon Celaya of this city in that capacity.

The funeral took place this afternoon at five o'clock.

Miss Hetty Dougherty is expected home this evening from Hidalgo, where she stopped lately on her return from San Antonio, having spent some time in that city, having her eyes treated. Her sister, Miss Alice Dougherty, who has been spending some time in Saltillo, Mexico, joined her in San Antonio and came on with her as far as Hidalgo, but proceeded her to Brownsville, arriving home last Tuesday. Both young ladies return very much benefited by their trips.

Death of Dr. Mackelroy.

The Matamoros Sol de Mayo of yesterday reports the death of Dr. Rafael Gomez Mackelroy, who until recently was stationed in Matamoros as surgeon in charge of the military hospital in that city. His death occurred Monday, Sept. 2, in Vera Cruz, where he went lately. The news of his death occasions much regret on the part of his numerous friends in Matamoros. Dr. Mackelroy held the rank of lieutenant colonel in the medical corps of the Mexican army. He was married in Matamoros to Miss Francisca Chapa of that city. The bereaved lady has the sincere sympathy of a wide circle of friends in her great loss.

DEATH OF MR. MAILLEFERT.

Former Mexican Consul to Brownsville Dies at Mexican City.

On Thursday night after a lingering illness, Salvador F. Maillfert, at one time consul of Mexico at El Paso and Laredo, as well as other border points, died at his residence in the San Rafael colony on the outskirts of this city.

Mr. Maillfert was a polished gentleman of French and Mexican extraction. He received his education at the Jesuit college of St. John Fordham, N. Y., and spoke English fluently.

He was friendly to Americans and was always popular in the American border cities, where he represented his country in a consular capacity.

He remains will be interred this morning in the French cemetery and will be followed to the grave by a host of sincere mourners. Few persons in this city had more friends than Mr. Maillfert.—Mexican Herald, Aug. 31.

The news of Mr. Maillfert's death is greatly regretted here, where he made many friends during the time he was stationed here as consul for Mexico. He was an accomplished gentleman and possessed a genial, cordial spirit which made him exceedingly popular.

Late Items.

The report that Rear Admiral Sampson is very ill and may not live long, is denied by dispatches from Sanapee, N. H., where he has been spending some time. His health is said to have improved very much since going there.

Emperor William agreed to waive the ceremony of kowtowing at first demanded of the Chinese envoy, and received Prince Chum at Potsdam on Wednesday.

THAT HORRIBLE FEELING OF DANGER

which comes to you when you suddenly awake in the night is seldom caused by a burglar standing over your bed, but it is a symptom of disease which now man should neglect. It means that some part of her delicate organism is undertuned or diseased. No wise woman ever neglects this symptom for a day.

G. F. P. (GERSTLE'S FEMALE PANACEA.) soon removes the cause of the trouble because it acts directly upon the affected organs, putting them in a state of perfect health.

HAD SUFFERED FOR SIX YEARS.

This is to certify that one of my customers suffered from diseases peculiar to her sex for six years, trying many physicians and everything she could find that was recommended for diseases of that kind, but to no effect. Finally she was cured by G. F. P. (Gerstle's Female Panacea) and after taking two bottles she was strong enough to walk ten miles. She had been unable to do anything for months before taking this medicine.

Only a Mask.

Many are not being benefited by the summer vacation as they should be. Now, notwithstanding much outdoor life, they are little if any stronger than they were. The tan on their faces is darker and makes them look healthier, but it is only a mask. They are still nervous, easily tired, upset by trifles, and they do not eat nor sleep well. What they need is what tones the nerves, perfects digestion, creates appetite, and makes sleep refreshing, and that is Hood's Sarsaparilla. Pupils and teachers generally will find the chief purpose of the vacation best subserved by this great medicine which, as we know, "builds up the whole system."

Baby's Coming

McDonald, Ga., July 15, 1900. I advise every suffering woman to take Wine of Cardui. While I was going with my other children I was compelled to stay in bed for days at a time, but this time I have taken Wine of Cardui and Theodor's Black-Draught and have been able to do all my housework without any trouble. I am expecting every day to be confined. My husband thinks Wine of Cardui is the best medicine in the world. He takes a dose of Theodor's Black-Draught every night and gives some to the children. He has not lost a day from work this year. He tells his friends about your wonderful medicines and I tell my lady friends to use your Wine of Cardui.

WINE OF CARDUI

There are thousands of women who shrink in terror at the thought of the baby's coming. But childbirth is one of the workings of Nature and it was not intended to imply torture and agony to the heroic mothers of the race. The woman who suffers torture during pregnancy and at childbirth has usually, by some indiscretion, injured the organs which make her a woman. Neglect of menstrual irregularities leads to ovarian pain, falling of the womb and leucorrhoea, and the period of pregnancy is necessarily distressing under those conditions. Wine of Cardui will regulate the menstrual function perfectly and eventually make the generative organs strong and healthy. Pregnancy and childbirth have no terrors for the woman who takes this pure Wine. A strong healthy womb will bring its precious burden to maturity with little or no pain. A healthy woman need not fear childbirth. Wine of Cardui completely cures all these troubles familiarly known as "female diseases" and equips the sensitive generative organs for pregnancy and childbirth. It will save any mother much pain and suffering. All druggists sell \$1.00 bottles.
